Enesta,

Hope this finds you well!

My name is Ben, we spoke on Monday. I was trying to find some information on GenX and other pollutants in the Cape Fear.

A second question, which arose yesterday, I also hope you can help with. I can't seem to find Chemours (The Chemours Company, Fayetteville Works) in the EPA database of facilities. Our local/regional water company recently filed a FOIA for the company's permit - NC0003573 - but when I looked that permit up, it's a Japanese company, Kuraray. I'm hoping you can help me get to the bottom of this!

Ben
